

Born in Taichung, Taiwan, in 1986, Chuang Chih-Wei holds an M.S. in Architecture from Chiao Tung University and an MFA in New Media Art from Taipei National University of the Arts, and is currently a doctoral student in the PhD Program in Contemporary Visual Culture and Practice at National Taiwan University of Arts. With his training in fine arts and architecture, Chuang excels in creating interactive installations with light and space that address the relationship between human beings and the environment. Exploring the possibilities of cross-disciplinary methods, with an aesthetic that values both rationality and sensibility, has always been central to his work.

Chuang was one of the artists featured in the "Made in Taiwan – Emerging Artists Section" organized by the Ministry of Culture in 2016. He received an Honorable Mention at the Taipei Arts Award and was selected for Digital Art Festival Taipei in 2015; he has also been invited to the PyeongChang Biennale, the Asian Contemporary Art Exhibition (Busan), the Taiwan Biennial (Taichung), Roppongi Art Night (Tokyo), and The Avant/Garde Diaries Taipei by Mercedes-Benz. He currently teaches as an adjunct lecturer in the Department of New Media Art at Taipei National University of the Arts.
